DISCLAIMER (MEC ANNUAL REPORT 2024-25)

We have made every effort to cross-check and verify the accuracy of the data provided. All statistics and information are accurate as of the financial year 2024-25. The status of the monitored schemes has been updated for this period and may change after defined period.

The analysis in this report focuses on the units monitored during F.Y 2024-25. Each development scheme, even if implemented in different geographical locations, are counted as separate units for monitoring purposes. Therefore, the term "scheme" is used interchangeably with "units," even when one scheme covers multiple units. Monitoring reports published during this period have been included accordingly. Some reports that were visited in previous years may be included in this year based on their publication date.

This report does not contain any references to third parties, neither does the report endorse any such third parties or their product / services nor the report sponsored, endorsed or associated with such third parties.

For any questions or feedback related to this report, please reach out through the MEC official platform.

MESSAGE

MINISTER, P&D BOARD

The Province of Sindh has undergone a period of significant demographical & socio-economical changes during the last few decades especially with the upward trend in urbanization, population growth, education & literacy requirements, healthcare issues, employment structure and infrastructural needs. In response to these rapid changes, the Government of Sindh has strategically prioritized substantial and steady growth in provincial development budget with a collective focus to deliver impactful development through transparent processes, measureable outcomes and performance-driven governance to channel the advantages of the development portfolio directly to the people of Sindh.

The Planning & Development Board, Sindh, is committed to developing the landscape of Sindh at an unprecedented pace. Beyond prioritizing substantial development in public service delivery encompassing education, healthcare, food security,

drinking water, sanitation, and critical infrastructure for energy, transportation, and water management—the Planning & Development Board, guarantees rigorous implementation of all development schemes through its dedicated Monitoring & Evaluation Cell (MEC).

The Monitoring & Evaluation (MEC) serves as the cornerstone of the government's performance-driven and self-accountability governance model. The MEC provides a continuous feedback loop by meticulously tracking the financial and physical progress of the development initiatives, identify deviations from planned parameters and enables data-driven decision-making for timely corrective interventions. This rigorous oversight mechanism ensures not only transparency and accountability but also empowers administrative departments to refine their strategies, optimize public expenditure and ensure impactful outcomes of the provincial development portfolio.

This report highlights the overall performance of the Monitoring & Evaluation Cell during last financial year and reflects the unwavering commitment of the Planning & Development Board to the impactful utilization of the development funds ultimately driving quantifiable improvements in living standards and quality of life for the people of Sindh.

Jam Khan Shoro

MESSAGE

CHAIRMAN, P&D BOARD

The Planning & Development Board is fostering a progressive development program that emphasizes on evidence-based decision making, innovation, and institutional adaptability. The Department also provides policy and procedural guidelines to administrative departments during the formulation of Annual Development plans (ADP) and coordinates in progress reporting and improvement of ADP schemes. The Monitoring & Evaluation Cell (MEC), established under the Planning & Development Board, serves as the fundamental for ensuring the proper execution of the provincial development portfolio, the primary mandate of the MEC is to proactively oversee the financial and physical progress of all development schemes.

By leveraging a paperless environment and real-time reporting to track key performance indicators, the MEC operates as an innovative and dynamic monitoring body. This modern approach enables the identification of deviations from planned objectives and facilitates timely corrective interventions. Through these dedicated efforts, the MEC is evolving into a vital mechanism for maximizing the efficiency, transparency, sound governance and impact of public sector development initiatives across the province.

This report consolidates the Monitoring & Evaluation Cell's (MEC) activities for FY 2024-25, demonstrating the Planning & Development Board firm commitment to the efficient and effective utilization of development funds. This rigorous oversight is essential for achieving the Department's strategic objective of tangibly enhancing the living standards of the people.

The MEC has significantly improved its monitoring and reporting processes through dedicated team with necessary technical expertise for dynamic assessment of a diverse development portfolio and the ongoing integration of advanced Information Communication Technology (ICT) systems. A notable advancement is the digitization of the ADP Budget Book Volume-V, which enables stakeholders, including the general public, to easily access and evaluate progress of the project and its quality.

I, would like to express my appreciation to the dedicated team of the MEC for their laudable efforts and envisage this vital organ of P&D Department to continue on the path of incremental progress by harnessing modern mechanisms and leveraging technological solutions for vigorous monitoring & evaluation that substantially improves public service delivery, leading to enhanced outcomes and superior services for the public.

Najam Ahmed Shah

MESSAGE

DIRECTOR GENERAL (MEC)

Since its inception, the Monitoring & Evaluation Cell (MEC) has evolved into a dynamic organization with robust systems for ensuring performance and accountability. It continues to oversee the progress of development schemes and guarantees the judicious utilization of public funds to enhance public service delivery.

As the Director General, Monitoring & Evaluation Cell (MEC), it is my pleasure to present the Annual Report for the fiscal year 2024-25. This publication presents a comprehensive compilation of insights, advancements, and observations across a wide range of sectors of the Sindh Annual Development Plan. It stands as a testament to the MEC team's commitment to excellence, revealing our collective accomplishments. The report further underscores our proactive role in monitoring and evaluating the Government of Sindh's development portfolio, including ongoing schemes in remote and logistically challenging regions.

The MEC has significantly strengthened its monitoring and evaluation systems by leveraging technological solutions. The introduction of real-time reporting through smartphones, automation of ADP Budget Book

Volume-V, and the implementation of an end-to-end process with a centralized progress monitoring dashboard have played a pivotal role in this transformation. These advancements have enabled more accurate tracking of project progress and the efficient management of resources.

In the fiscal year 2024-25, in addition to its regular tasks, the MEC achieved the special monitoring targets, which included monitoring the District ADP portfolios of various Districts, as well as special visits assigned under the directions of the Honourable High Court of Sindh and higher authorities.

I would like to extend my sincere gratitude and recognition to our Regional Field Monitoring Offices, the MIS Directorate, and all the officers involved. Their unwavering commitment and exceptional diligence have been fundamental to the organization's success, directly enabling the achievement of its key goals and operational targets. Building upon this excellent foundation.

I envision the operational excellence at the MEC through the integration of a Geographic Information System (GIS) Technology. This strategic initiative will fuse cutting-edge GIS technology with a robust live reporting mechanism. This platform will empower the MEC with dynamic, real-time data visualization, precise tracking, and instant analytical insight, streamlining our workflows and transforming data into decisive action directly from the field.

Finally, I must acknowledge the invaluable guidance and support provided by the Minister (Planning & Development Board) and the Chairman (Planning & Development Board), Government of Sindh. Their experience and insights were crucial in overcoming the challenges encountered during the finalization of this report.

The outcomes and impact of MEC's activities will set a benchmark for excellence in public service delivery.

EXECUTIVE SUMMARY

This report presents a comprehensive review of the activities and accomplishments of the Monitoring & Evaluation Cell (MEC), Planning & Development Board, Government of Sindh, for the Fiscal Year 2024-25. It consolidates field monitoring observations and the status of development schemes, with the primary objective of translating this analysis into actionable recommendations for continuous quality improvement.

The Monitoring & Evaluation Cell (MEC) has systematically enhanced its capabilities through the strategic procurement of advanced monitoring equipment and Information & Communication Technology (ICT) solutions. A cornerstone of our methodology is an active feedback loop maintained with Administrative Departments and Executing Agencies. This ensures that issues identified during monitoring are promptly communicated, addressed, and rectified, leading to enhanced performance in development works. Furthermore, MEC integrates its monitoring results with financial data from the Finance Department, enabling a holistic analysis. Ultimately, these coordinated course-correction measures are designed to amplify the positive impact and cost-effectiveness of all development schemes.

During the Fiscal Year 2024-25, the Provincial Annual Development Program (ADP) for Sindh comprised a total of 4,644 development schemes, of which 4,249 were ongoing and 395 were newly initiated. The Monitoring & Evaluation Cell (MEC) conducted monitoring visits for 748 of development schemes/units, publishing a total of 877 monitoring reports, out of which 582 reports (66%) were satisfactory, while 295 (34%) were marked as unsatisfactory. In response, the concerned Administrative Departments submitted compliance reports for 145 unsatisfactory monitoring reports, representing a 49% response rate to address the identified issues. Furthermore, the MEC effectively fulfilled several special assignments, these included monitoring the District ADP portfolio for various districts, conducting special visits as directed by the Honorable High Court of Sindh and other higher authorities.

Overall, the schemes rated as satisfactory demonstrated strong adherence to the planned scope and projected timelines. Conversely, the primary factors leading to an unsatisfactory rating were deviations from the original scope, inappropriate execution, unnecessary delays in completion, compromised quality of work, change of location of the scheme, deficiencies in workmanship and on-site supervision.

Based on the comprehensive analysis made by MEC, it is strongly recommended to institutionalize robust quality management parameters aligned with PMI (Project Management Institute) standards. A critical prerequisite for achieving desired outcomes and reducing the number of unsatisfactory schemes is to mandate thorough scope analysis, detailed surveys, and comprehensive planning by Administrative Departments before project execution commences. This disciplined approach will ensure quality and significantly enhance project results.

OVERVIEW

ORGANIZATIONAL

Enhancing Public Sector Development Outcomes to Achieve Amplified Social Impact.

Ensuring Systematic Monitoring and Evaluation of Public Sector Development Schemes to Achieve Efficiency, Transparency, and Alignment with Defined Objectives.

- 1. To ensure that the Standards of Quality are maintained in development projects**
- 2. To keep a regular track of the progress of schemes**
- 3. To enable timely & informed decisions through efficient reporting**
- 4. To promote and enhance institutional learning and knowledge through the instant availability of chronological indicators**
- 5. To coordinate with various authorities for smooth and unhindered implementation**
- 6. To Review and Evaluate the output & outcome of schemes**

CORE VALUES

01

INTEGRITY

Adhere to the utmost level of transparency in every part of the conduct

02

QUALITY

Robust monitoring and evaluation benchmark

03

INNOVATION

Adopt advanced techniques and modern technological solutions for effective and efficient end-to-end systems

04

COMMITMENT

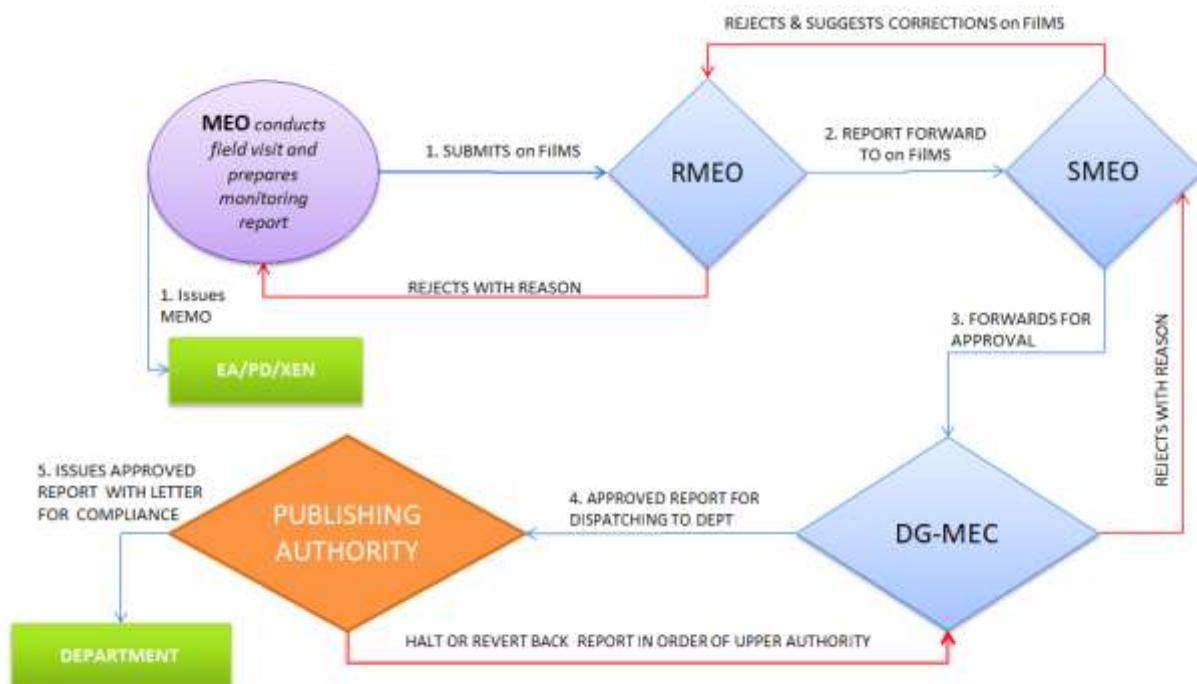

Endeavor to improve service delivery for enhanced social impact

FUNCTIONS

MONITORING DASHBOARD

(WORKFLOW)

MEC has several quality filters to ensure that the automated and paperless monitoring system is transparent. File Management System (FilMS) is an indigenously-built bespoke system that ensures efficient monitoring, reporting, and evaluation of the development schemes.

The monitoring & Evaluation Officer (MEO) submits the report after the monitoring visit to the Regional Monitoring & Evaluation Officer (RMEO) who ensures that all the technical requirements pertaining to the monitoring visit are addressed. RMEO intimates the relevant Sector Monitoring & Evaluation Officer (SMEO) for validation of the report for the requisite compliance standards. SMEO then submits the validated reports to the Director-General for approval and issuance of a letter to the relevant Line Department for compliance vis-à-vis the monitoring report findings.

MEC MONITORING PLAN

Routine Visits

LTBC/SI Visits

Compliance Visits

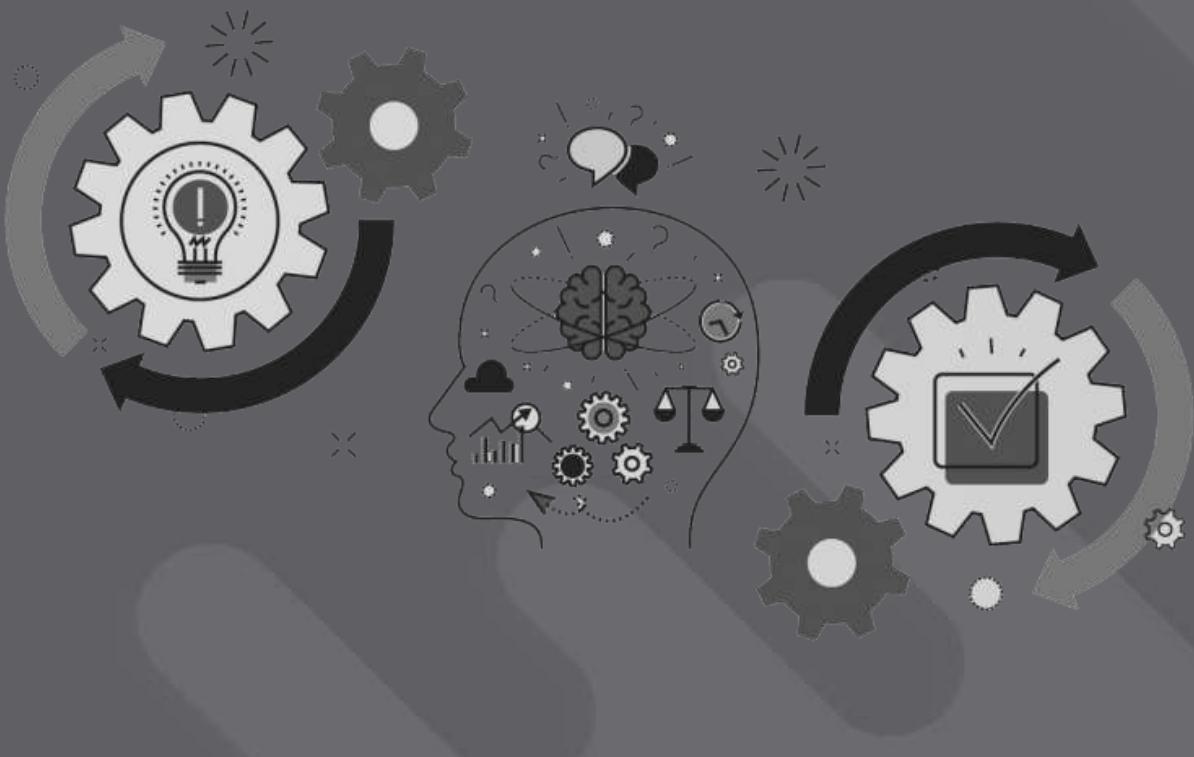

MEC is responsible for active monitoring and rigorous evaluation of ADP schemes executed by various departments working for the Government of Sindh. MEC's robust monitoring mechanism is manifested through its overall visit plan that comprises 25% routine visits, 25% visits to ADP schemes that are Likely to be Completed (LTBC)/Special Initiatives in the corresponding financial year, and 50% compliance visits to the schemes with previously unsatisfactory status.

The three main categories of monitoring visits include First Visits, Revisits, and Visits for Compliance. In simple terms, the MEC team visits a cohort of schemes every financial year out of which a subset of schemes is revisited.

It is worth mentioning that revisits are also done for schemes that are termed 'satisfactory' to ascertain if the satisfactory status of those schemes is maintained over time. For schemes that are termed 'unsatisfactory', the MEC team issues compliance notices to make sure that the issues are promptly rectified.

Once the Department submits para-wise replies to indicate compliance with the issues raised by the MEC team, the 'compliance' monitoring visit is conducted to ensure that the submitted replies have been implemented on the ground too. These quality filters ensure that the Departments guarantee timely compliance to improve the financial and physical progress of the ongoing ADP schemes.

ADPO PORTFOLIO

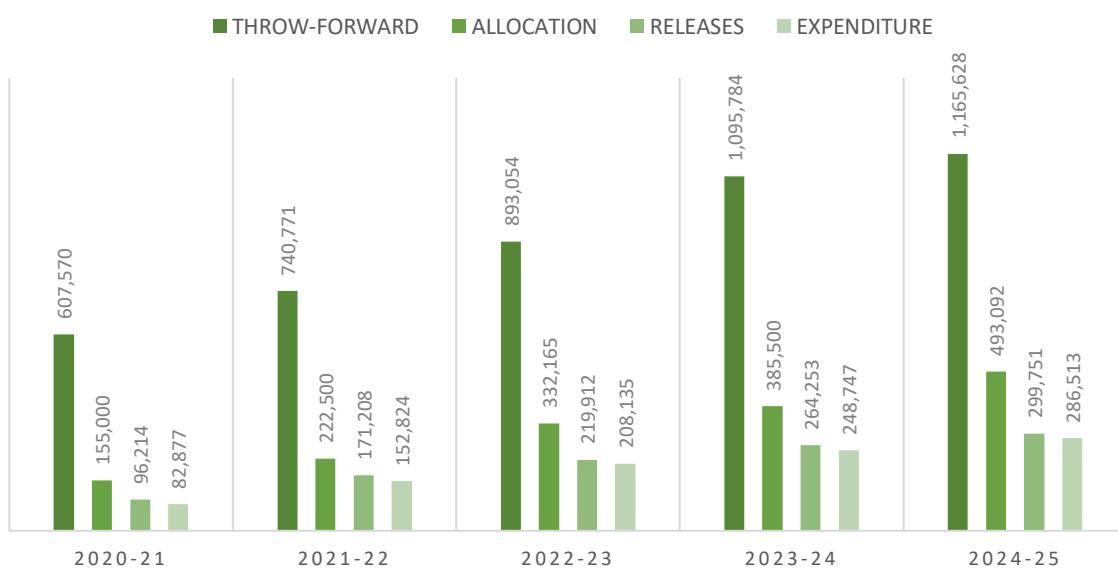

FINANCIAL TREND ANALYSIS OF PROVINCIAL ADP

In the post-devolution context, Government of Sindh has been progressively increasing the size of its development portfolio to undertake a series of initiatives for the province. The focus of these initiatives has been to achieve a balanced growth of infrastructure, production and social sectors for equitable development.

ADP YEAR	ON-GOING SCHEMES	NEW SCHEMES	TOTAL SCHEMES	THROW-FORWARD	ALLOCATION	RELEASES	EXPENDITURE	UTILIZATION %
2020-21	2,069	177	2,246	607,570	155,000	96,214	82,877	86
2021-22	1,645	1,670	3,315	740,771	222,500	171,208	152,824	89
2022-23	2,506	1,652	4,158	893,054	332,165	219,912	208,135	95
2023-24	3,311	1,945	5,256	1,095,784	385,500	264,253	248,747	94
2024-25	4,249	395	4,644	1,165,628	493,092	299,751	286,513	96

The last 5-year period of Provincial ADP shows that quantum of total development schemes has increased from 2,246 schemes in FY 2020-21 to 4,644 schemes in FY 2024-25. The size of Provincial ADP Portfolio has increased in terms of allocations from Rs. 155 billion in FY 2020-21 to about Rs. 493 billion in FY 2024-25. Throw-Forward as of June, 2020 was Rs. 607 billion, making the ratio of throw-forward to total allocation in FY 2020-21 equal to 3.9:1. Throw-Forward as of June, 2024 was Rs.1,165.63 billion, making the ratio of throw-forward to total allocation in FY 2024-25 equal to 2.3:1.

DEPARTMENT WISE ADP BUDGET ALLOCATION IN FY 2024-25

51	Women development	203.62
52	Works & services	55,193.74
53	Allocation for cost impact	80,000.00

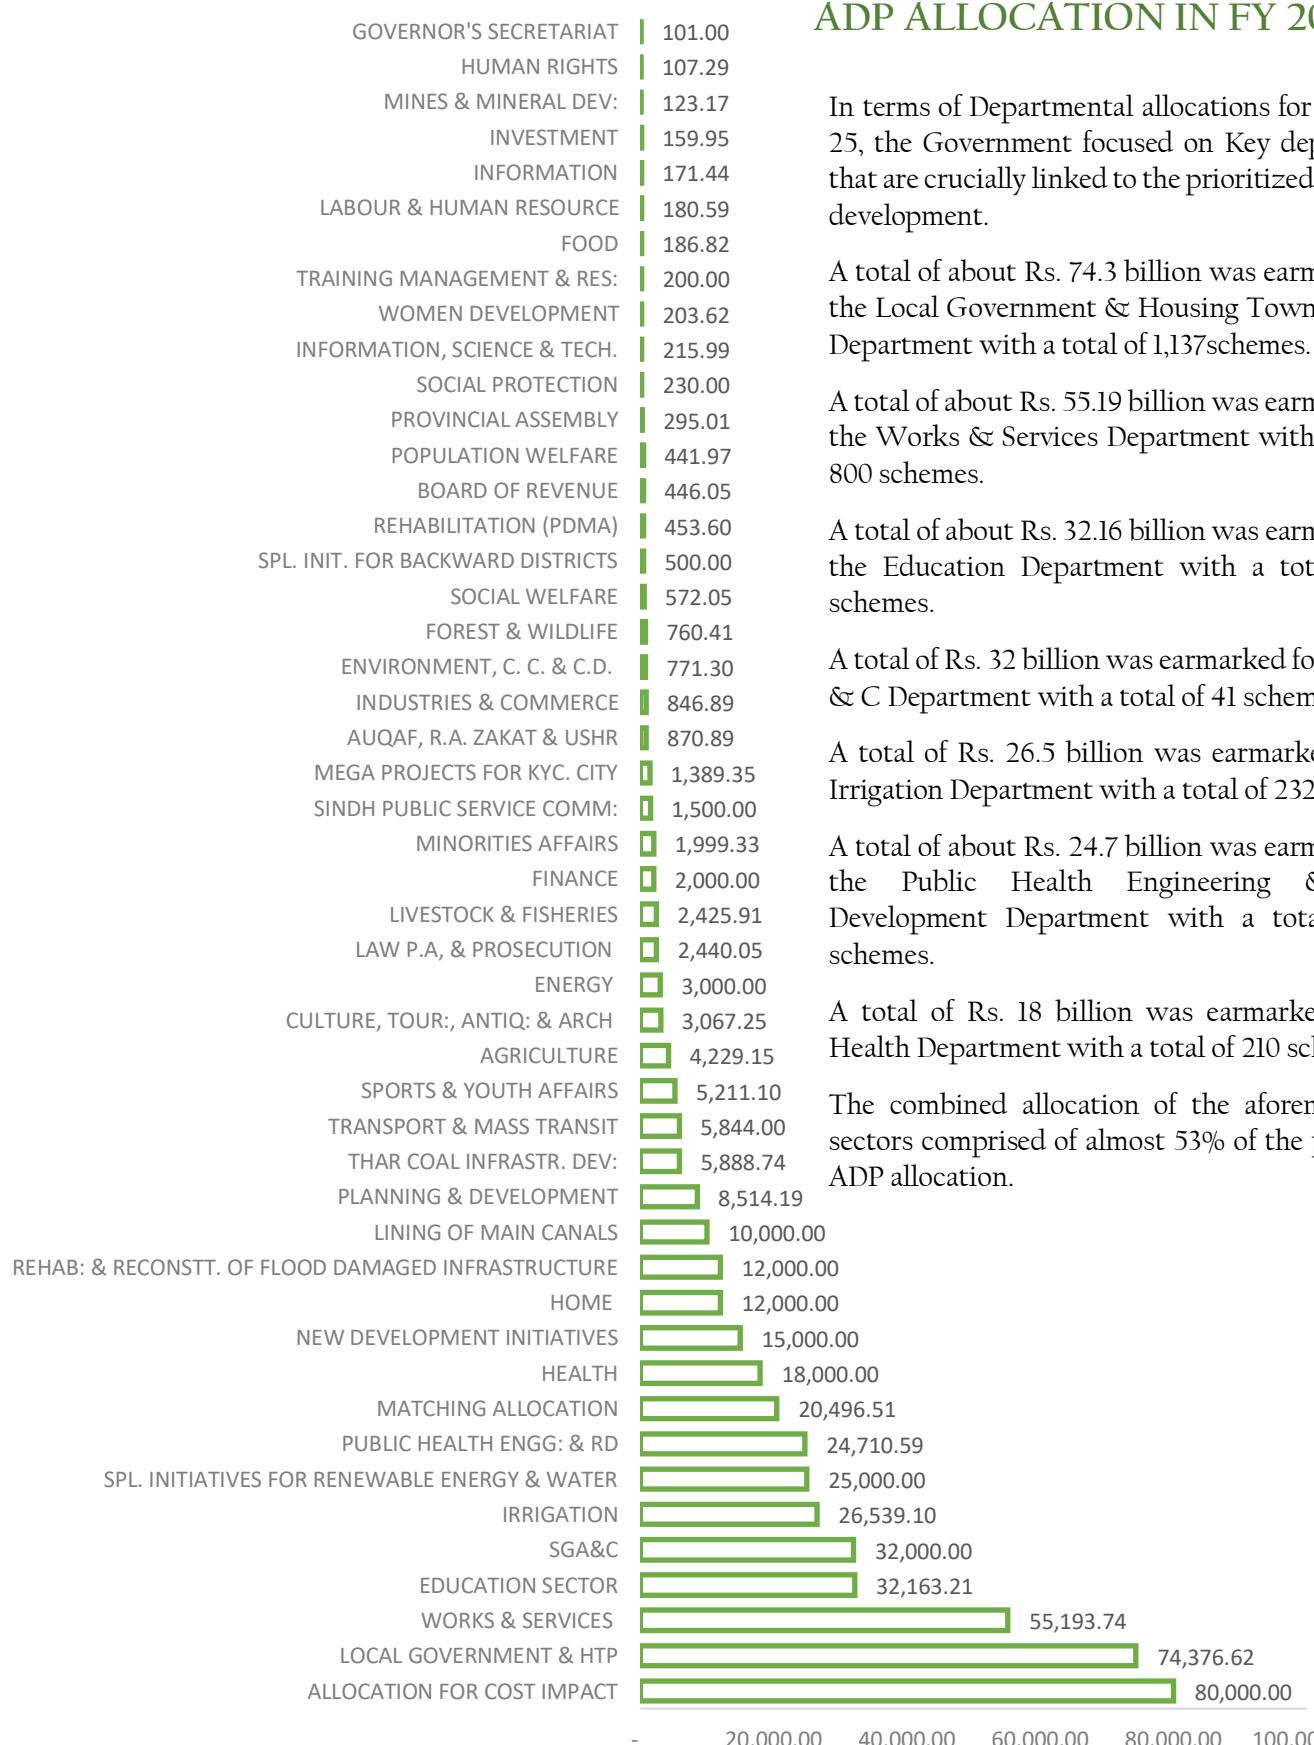

The total development outlay for FY 2024-25 amounted up to the tune of Rs. 959 billion. The size of Provincial ADP portfolio for FY 2024-25 was about Rs. 493 billion, comprised of 4,644 Schemes (4,249 Ongoing and 395 New Schemes). The overall development portfolio also included allocations of Rs. 55 billion for District ADP, Federal Grants of Rs. 76.9 billion and Foreign Project Assistance (FPA) of Rs. 334 billion.

In terms of provincial ADP allocations, the priority departments are Works & Services, Local Government, Education, Public Health Engineering, Health, and Irrigation.

The Local Government & HTP Department has received the highest allocation in FY 2024-25 and was recorded at Rs. 74.37 billion out of the total ADP portfolio of Rs. 493.09 billion. This accounts for about 15% of the Total Provincial ADP outlay.

The prioritization of the Works & Services Department is also reflected in the Provincial ADP of FY 2024-25 with allocations of about Rs. 55.19 billion. This adds up to Rs. 129.56 billion which is almost 26% of the Provincial ADP portfolio. Earmarking significant allocations for priority sectors reflects the resolve and commitment of the provincial government towards balanced growth and equitable development of the province.

Rs. Million

ADP ALLOCATION IN FY 2024-25

In terms of Departmental allocations for FY 2024-25, the Government focused on Key departments that are crucially linked to the prioritized sectors of development.

A total of about Rs. 74.3 billion was earmarked for the Local Government & Housing Town Planning Department with a total of 1,137 schemes.

A total of about Rs. 55.19 billion was earmarked for the Works & Services Department with a total of 800 schemes.

A total of about Rs. 32.16 billion was earmarked for the Education Department with a total of 875 schemes.

A total of Rs. 32 billion was earmarked for the SGA & C Department with a total of 41 schemes.

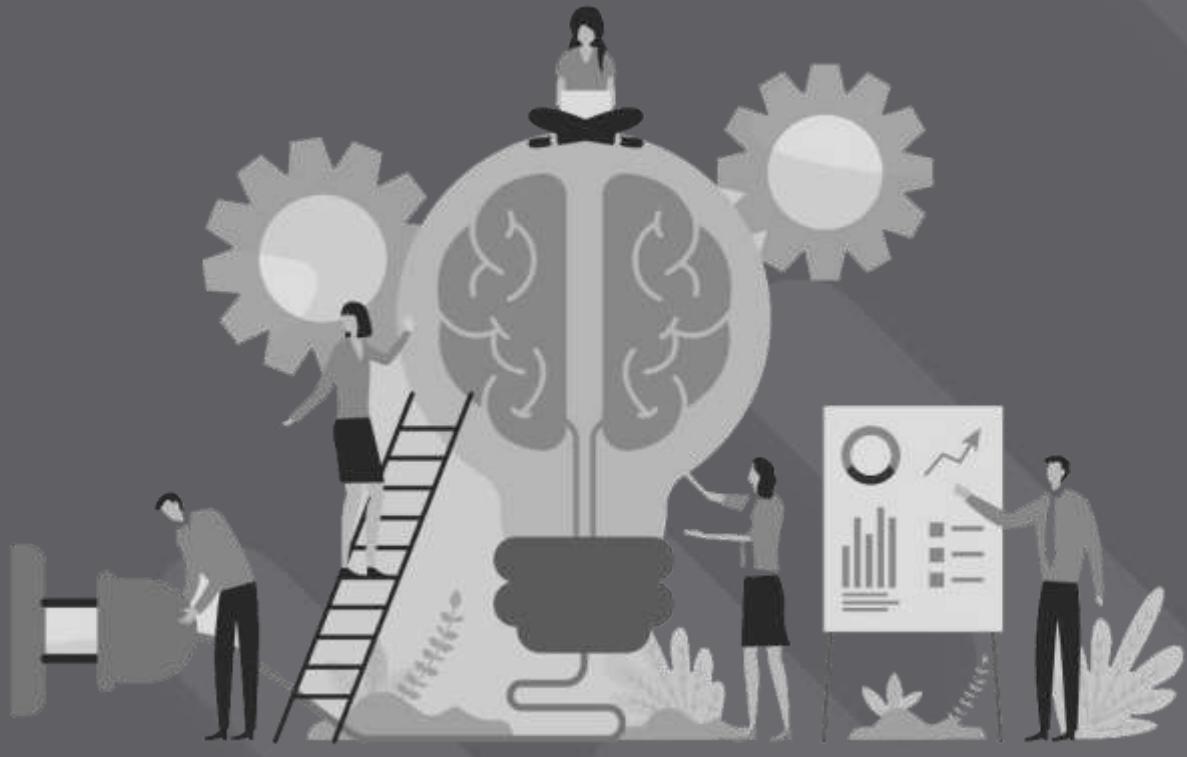

A total of Rs. 26.5 billion was earmarked for the Irrigation Department with a total of 232 schemes.

A total of about Rs. 24.7 billion was earmarked for the Public Health Engineering & Rural Development Department with a total of 470 schemes.

A total of Rs. 18 billion was earmarked for the Health Department with a total of 210 schemes.

The combined allocation of the aforementioned sectors comprised of almost 53% of the provincial ADP allocation.

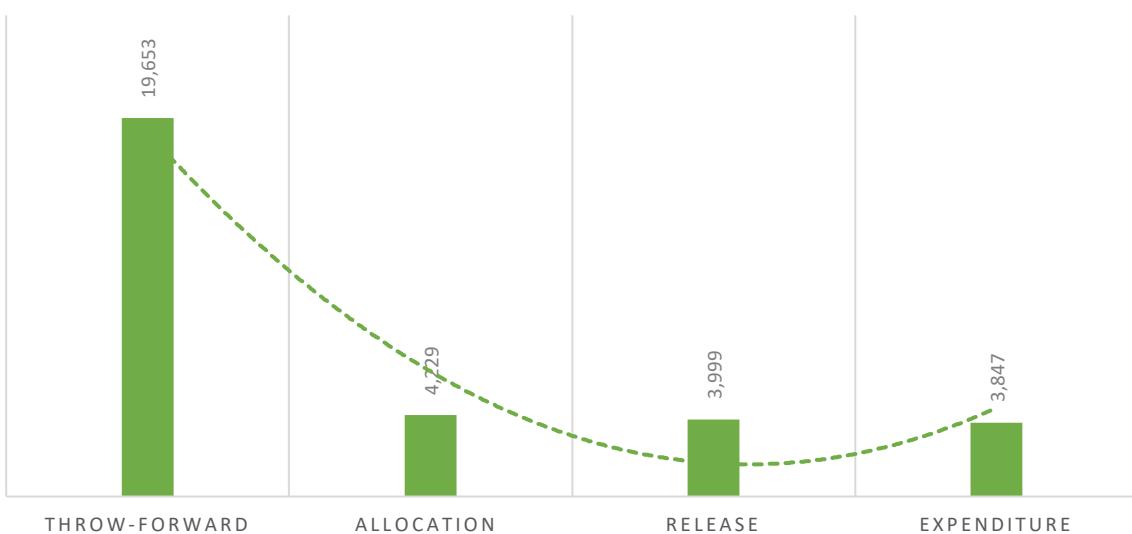

OVERVIEW

DEVELOPMENT

AGRICULTURE

Agriculture is the backbone of the economy of Pakistan and Sindh contributes due share in agriculture sector of the country. The primary domain of the Agriculture, Supply & Prices Department of GoS is to transform Sindh's agriculture sector into a competitive, productive and sustainable segment of the economy with modern agricultural practices and technology. Throw-Forward for the department as of June, 2024 was Rs. 19,653 million with Rs. 4,229 million allocated for FY 2024-25. This translates into a throw-forward to allocation ratio of 4.6:1. The Financial releases were Rs. 3,999 million of which Rs.3,847 million were utilized to complete the development schemes for the year. 19 schemes were monitored for the Agriculture Department with 19 monitoring visits.

Monitoring Visits

KEY PERFORMANCE INDICATOR

MONITORING PROGRESS

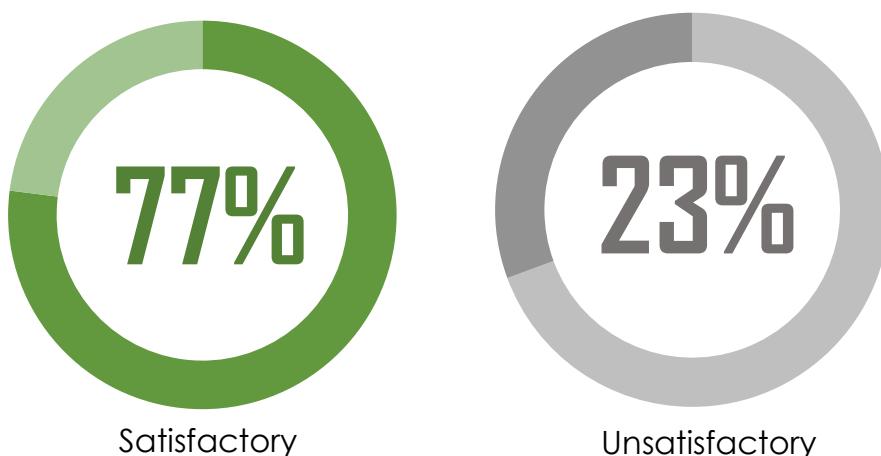

MEC made a total of 877 field monitoring visits to the 748 schemes during FY 2024-25. This essentially meant revisiting several schemes to track monitoring during the execution phase, ensure compliance of unsatisfactory observations and improvement in the progress indicators. Out of the 877 visits, 582 visits were found satisfactory (66%) and 295 visits were found unsatisfactory (34%). Number of compliances received was 145 (49% of unsatisfactory visits).

Monitoring Visits Status

STATUS OF SCHEMES MONITORED FY 2024-25

MEC Team monitored 748 schemes during FY 2024-25, out of which 579 schemes (77%) were found satisfactory and 169 schemes (23%) were found unsatisfactory.

In terms of the Line Departments with respect to monitoring, MEC focused on ten prioritized Departments which accounted for 82% (615 out of 748 schemes) of total schemes monitored, and 81% (711 out of 877 visits) of the total monitoring visits (including fresh visits, re-visits and compliance visits).

The prioritized departments included the Education and Literacy Department, which is comprised of 102 schemes of Education during FY 2024-25 with 116 total monitoring visits. Out of 102 schemes, 79 (78%) were found to be satisfactory, while 22 schemes (22%) were found unsatisfactory. Out of the 116 monitoring visits, 80 visits were satisfactory (69%) and 36 were unsatisfactory (31%).

MEC team monitored the schemes of Health Department comprised of 32 schemes monitored during FY 2024-25 with 44 total monitoring visits. Out of 32 schemes, 20 (63%) were found to be satisfactory and 12 schemes (37%) were found to be unsatisfactory. Out of the 44 monitoring visits, 20 visits were satisfactory (45%) and 24 were unsatisfactory (55%).

MEC monitored 12 schemes of Home Department during FY 2024-25 with 16 total monitoring visits. Out of the 16 monitoring visits, 12 visits were satisfactory (75%) and 04 visits were unsatisfactory (25%).

MEC visited 56 development schemes of Irrigation Department during FY 2024-25 with 68 total monitoring visits. Out of 56 schemes, 33 (59%) were found to be satisfactory and 23 schemes (41%) were found to be unsatisfactory. Out of the 68 monitoring visits, 33 visits were satisfactory (49%) and 35 were unsatisfactory (51%).

Agriculture Department's monitoring visits were comprised of 19 schemes during FY 2024-25. Out of 19 schemes, 9 (47%) were found to be satisfactory and 10 schemes (53%) were found to be unsatisfactory.

In case of Livestock & Fisheries Department visits comprised of 13 schemes monitored during FY 2024-25 with 16 total monitoring visits. Out of 13 schemes, 07 (54%) were found to be satisfactory and 06 schemes (46%) were found to be unsatisfactory. Out of the 16 monitoring visits, 07 visits were satisfactory (44%) and 09 were unsatisfactory (56%).

Monitoring of schemes of Local Government Department comprised of 131 monitored schemes during FY 2024-25 with 142 total monitoring visits. Out of 131 schemes, 95 (73%) were found to be satisfactory and 36 schemes (27%) were found to be unsatisfactory. Out of the 142 monitoring visits, 96 visits were satisfactory (68%) and 46 were unsatisfactory (32%).

MEC team's visit to the schemes of Public Health Engineering Department comprised of 71 schemes during FY 2024-25 with 87 total monitoring visits. Out of 71 schemes, 55 (78%) were found to be

satisfactory and 16 schemes (22%) were found to be unsatisfactory. Out of the 87 monitoring visits, 55 visits were satisfactory (63%) and 32 were unsatisfactory (37%).

Monitoring visits to Sports & Youth Affairs Department comprised of 38 monitored schemes during FY 2024-25 with 39 total monitoring visits. Out of 38 schemes, 36 (95%) were found to be satisfactory and 02 schemes (5%) were found to be unsatisfactory. Out of the 39 monitoring visits, 36 visits were satisfactory (92%) and 03 were unsatisfactory (8%).

Visits to Works & Services Department comprised of 141 monitored schemes during FY 2024-25 with 164 total monitoring visits. Out of 141 schemes, 135 (96%) were found to be satisfactory and 6 schemes (4%) were found to be unsatisfactory. Out of the 164 monitoring visits, 135 visits were satisfactory (82%) and 29 were unsatisfactory (18%).

DEPARTMENTAL PERFORMANCE

MEC team made 877 monitoring visits to 748 ongoing schemes in FY 2024-25 to determine whether the scheme has been satisfactory or unsatisfactory in terms of financial and physical progress. Overall, 579 schemes (77%) were termed satisfactory and 169 schemes (23%) were found unsatisfactory. The M&E Cell working under P&D Board schedule the visit plan on monthly basis which is approved a week before the following month. The MEC team starts collecting data from the executing agencies and prepare the plan accordingly, liaison with the concerned engineers and project directors. With the use of experienced team and modern equipment, The MEC strive hard to achieve their objective to provide factual position of development schemes helping heads of the administrative departments and other government agencies to take corrective measures to improve the public sector delivery.

MONITORING BY REGIONAL OFFICES

Disaggregating the monitoring visits and schemes monitored by region illustrates interesting findings about the regional progress of development schemes.

In Karachi Region, MEC Team monitored 219 schemes with 261 monitoring visits. Out of the 219 schemes monitored, 180 were found to be satisfactory (69%) and 39 schemes were found unsatisfactory (31%). Out of the 261 monitoring visits, 180 visits were found satisfactory (82%) and 81 visits were unsatisfactory (18%).

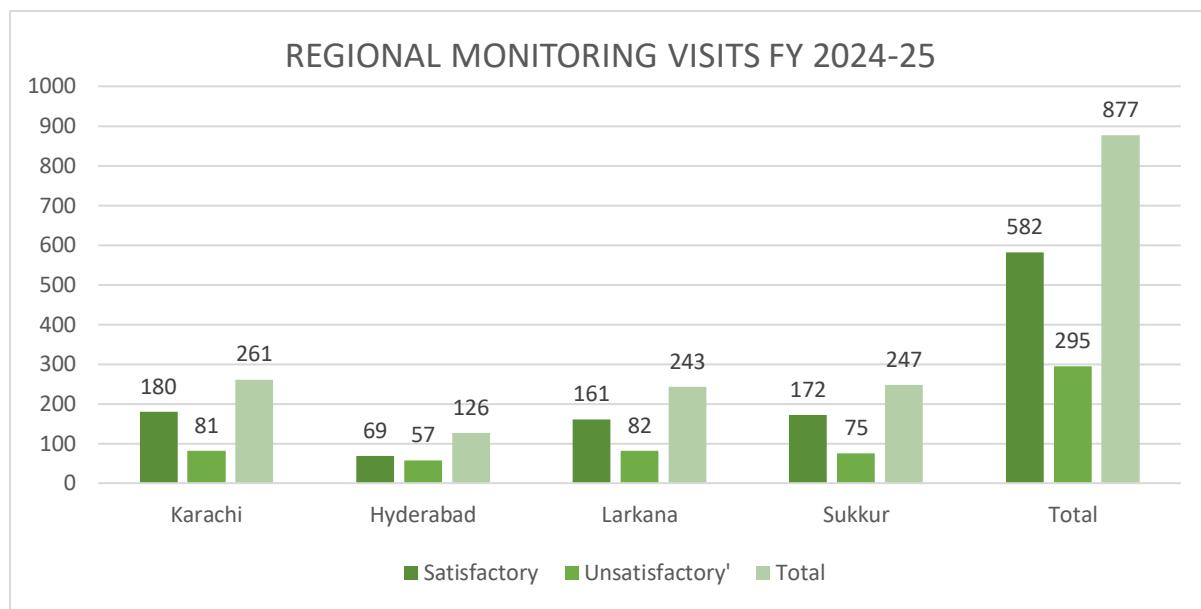

Monitoring Summary of Region-Wise Schemes in FY 2024-25			
Region	Schemes	Satisfactory	Unsatisfactory
Karachi	219	180	39
Hyderabad	115	69	46
Larkana	208	160	48
Sukkur	206	170	36
Total	748	579	169

In Hyderabad Region, MEC Team monitored 115 schemes with 126 monitoring visits. Out of the 115 schemes monitored, 69 were found to be satisfactory (60%) and 46 schemes were found unsatisfactory (40%). Out of the 126 monitoring visits, 69 visits were found satisfactory (55%) and 57 visits were unsatisfactory (45%).

In Larkana Region, MEC Team monitored 208 schemes with 243 monitoring visits. Out of the 208 schemes monitored, 160 were found to be satisfactory (77%) and 48 schemes were found unsatisfactory (23%). Out of the 243 monitoring visits, 161 visits were found satisfactory (66%) and 82 visits were unsatisfactory (34%).

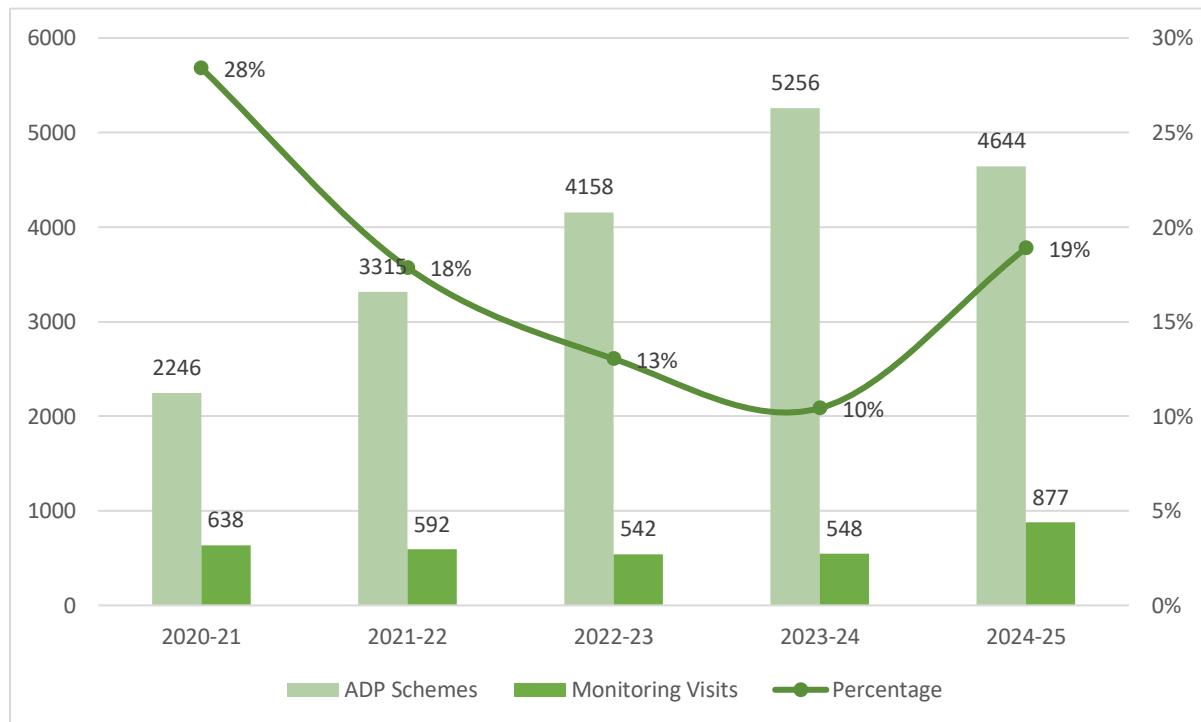

In Sukkur Region, MEC Team monitored 206 schemes with 247 monitoring visits. Out of the 206 schemes monitored, 170 were found to be satisfactory (83%) and 36 schemes were found unsatisfactory (17%). Out of the 247 monitoring visits, 172 visits were found satisfactory (70%) and 75 visits were unsatisfactory (30%).

Regional Monitoring Visits in FY 2024-25			
Region	Satisfactory	Unsatisfactory	Total
Karachi	180	81	261
Hyderabad	69	57	126
Larkana	161	82	243
Sukkur	172	75	247
Total	582	295	877

FIELD MONITORING OVER THE YEARS

MEC Team visited a total of 748 schemes during FY 2024-25 with several re-visits for a number of schemes. The total number of monitoring visits accumulated to 877. The total ADP portfolio for FY 2024-25 comprised of 4,644 schemes with 4,249 ongoing and 395 new schemes. The graph below illustrates the field monitoring trend over the years in relation to the total ADP portfolio for the corresponding year.

KEY RESULT INDICATORS

RESPONSES RECEIVED FROM LINE DEPARTMENTS

MEC Team proactively pursued monitoring of 748 schemes along various Line Departments, with a total of 877 monitoring visits. This reflected the commitment to ensure quality control for development schemes, especially those termed unsatisfactory.

Top 10 Departments which provided compliance response:

Departments / Sectors	Compliance Response Percentage
Auqaf, GOS	100
Finance, GOS	100
Food, GOS	100
Industrial & Commerce, GOS	100
Information & Archives, GOS	100
Mega Schemes for Karachi City, GOS	100
Minorities & Affairs, GOS	100
Population Welfare, GOS	100
Rehabilitation & Reconstruction of Damaged Infrastructure, GOS	100
Universities and Board, GOS	100

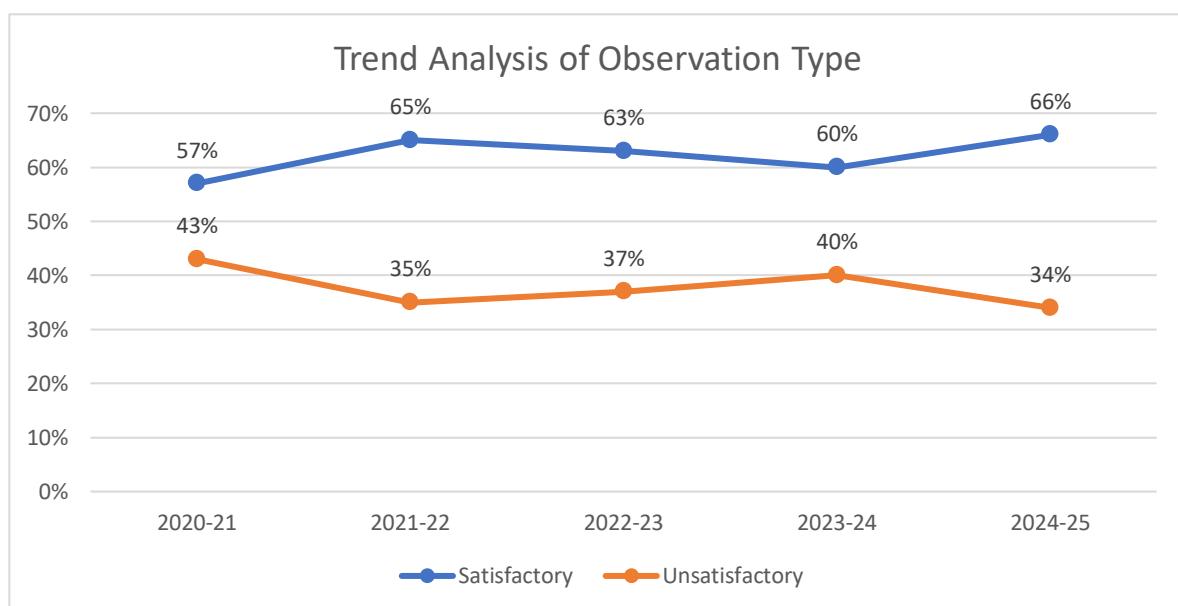

In terms of response received from the corresponding departments against the compliance sent for unsatisfactory status, almost 27 of total 40 departments complied and rectified the issues in the prescribed time.

However, 13 departments failed to comply against the feedbacks generated by MEC for unsatisfactory performance.

TREND ANALYSIS OF OBSERVATION TYPE

With a total of 877 monitoring visits for 748 development schemes for FY 2024-25, MEC has ensured that repeated monitoring visits translate into improved financial and physical progress indicators over time. It is evident that repeated visits over the same schemes have considerably improved their quality. This is reflected in the fact that out of 877 monitoring visits, 582 visits were found to be satisfactory (66%) and 295 visits were found to be unsatisfactory (34%). However, the ultimate status of the 748 monitored schemes demonstrate that 579 schemes were termed satisfactory (77%) and 169 schemes remained unsatisfactory (23%). This essentially means that continuous monitoring and repeated visits helped improve the quality of schemes considerably.

Status	2020-21	2021-22	2022-23	2023-24	2024-25
Satisfactory	57%	65%	63%	60%	66%
Unsatisfactory	43%	35%	37%	40%	34%

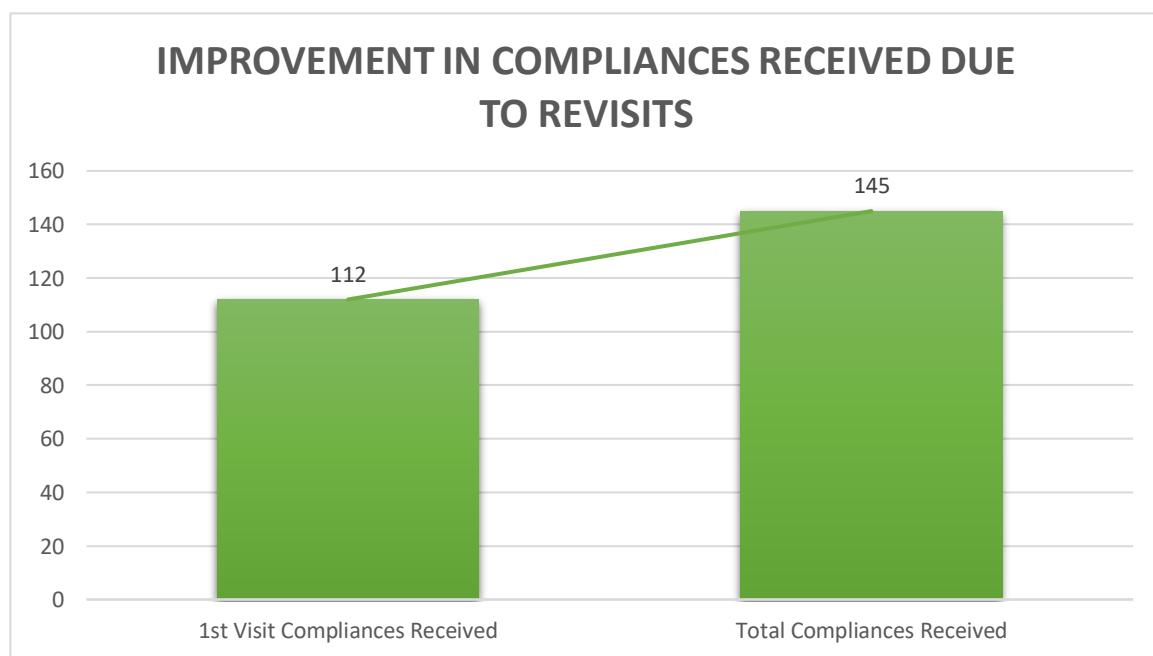

Note: Before FY 2018-19, the categories of observation type included Average, Satisfactory and Unsatisfactory status. However, FY 2018-19 onwards, the "average" observation type is now considered unsatisfactory. Hence, now the observation type only includes two broad categories of satisfactory and unsatisfactory status.

FINDINGS & RECOMMENDATIONS

A grayscale illustration depicting a research or analytical environment. In the center, a large magnifying glass is held over a globe, symbolizing global research or analysis. Behind the magnifying glass, three people are shown: a woman on the left pointing at a large screen displaying various data visualizations and mathematical symbols; a man in the middle sitting at a desk with a laptop; and a man on the right standing and holding a document. The background is dark, making the central elements stand out.

AGRICULTURE DEPARTMENT

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 19 schemes of the Agriculture Department were visited by the MEC, P&D Department. Out of these, work on 9 schemes (47%) was declared satisfactory, while the remaining 10 schemes (53%) were assessed as unsatisfactory. Out of the 10 unsatisfactory schemes, no compliance report is received from the Administrative Department / Executing Agency.

Encouragingly, the Agriculture Department's development portfolio reflected the adoption of modern agricultural practices aimed at enhancing productivity and value addition. In particular, the scheme titled "Installation/Erection of Modern Cool Chain System on Subsidized Cost to Farmers for Export of Fruits & Vegetables" was observed to be progressing well. The project is expected to significantly benefit the farming community by improving the shelf life of perishable commodities, ensuring compliance with export quality standards, and ultimately contributing to farmers' welfare.

Furthermore, it was observed that the Department has effectively addressed key objectives related to the improvement of watercourses to minimize conveyance losses and enhance the efficiency, reliability, and equity of irrigation water distribution.

RECOMMENDATIONS

- Management of water resources in project areas through micro-irrigation systems and other improved water management practices should be prioritized to ensure effective utilization of resources and equitable benefits, particularly for underprivileged areas.
- The pace of work must be expedited in line with the approved timelines and corresponding financial progress to achieve the desired project outcomes.
- Project documentation should be provided to the MEC team in a timely manner to facilitate efficient verification, monitoring, and evidence-based decision-making for the success of development projects.
- Ongoing and older schemes should be given priority to ensure their completion within the planned period.
- The Administrative Department must proactively furnish regular progress reports for ongoing projects, and for completed schemes, submit PC-IV documents to highlight both the achievements and areas of improvement arising from government interventions.

CULTURE DEPARTMENT

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 19 schemes of the Culture Department were visited by the MEC, P&D Department. Out of these, work on 15 schemes (79%) was declared satisfactory, while the remaining 04 schemes (21%) were assessed as unsatisfactory. Out of the 04 unsatisfactory schemes, compliance reports for 03 schemes were received from the concerned Executing Agencies after rectification, while compliance for 01 scheme was pending.

RECOMMENDATIONS

- Considering the social and cultural importance of the development schemes, the Department must strengthen its vigilance and ensure regular monitoring so that the designed objectives are achieved within the stipulated timeframe.
- The Executing Agency (E/A) must exercise strict control over the quality of masonry works and shuttering workmanship. The use of A-class shuttering material is highly recommended to prevent structural deficiencies.
- The E/A should adhere to an approved work plan in alignment with the cash flow plan for each project site and assign clear priorities for all civil works to be executed.
- The E/A must ensure the availability of clean drinking water facilities for library users and incorporate this provision in future schemes as well.
- For future monitoring visits, the E/A should ensure accuracy and completeness in the Project Profile, providing detailed item-wise information to present a transparent view of each scheme's financial and physical progress.
- Proper curing of all structural components must be ensured to achieve optimum strength and durability.
- The E/A must execute works strictly in accordance with the PC-I and Technical Sanction (T.S.) approved by the competent authority.
- The E/A should refrain from making advance payments and ensure that all works are carried out strictly as per the approved scope of PC-I.
- In all restoration and conservation works, it must be ensured that materials used are free from impurities and that only potable water is utilized.

EDUCATION DEPARTMENT

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 116 schemes of the Education Department were visited by the MEC, P&D Department. Out of these, work on 80 schemes (69%) was declared satisfactory, while the remaining 36 schemes (31%) were assessed as unsatisfactory. Out of the 36 unsatisfactory schemes, compliance reports for 18 schemes were received from the concerned Executing Agencies after rectification, while compliance for 18 schemes was pending.

During field monitoring of the school building schemes, several construction quality issues were identified, as outlined below:

- Honeycombing was observed in multiple RCC columns and beams, indicating poor compaction and inadequate concreting practices.
- Verona marble was used at the site, whereas white marble had been proposed in the approved technical sanctions and estimates, reflecting a deviation from approved specifications.
- The levels of marble and tile flooring were not maintained at several locations, highlighting the need for better supervision and workmanship to ensure uniformity and quality.
- Gaps between tiles and marble were left unfilled, which may eventually lead to cracking and breakage of the flooring.
- The thickness of marble was checked and found non-compliant with the approved drawings and specifications.
- The Executing Agency (E/A) briefed that project completion was often delayed due to slow fund releases and financial constraints, affecting the timely execution of works.
- Dampness and seepage were observed in various areas of the building, primarily due to improper installation of drainage pipes.
- Additional seepage in the RCC roof slab was noted because adequate roof treatment had not been carried out.
- The bituminous felt layer must be applied properly to prevent rainwater accumulation and subsequent leakage in the roof slab.
- Paintwork exhibited blistering and discoloration at multiple places, indicating poor-quality paint; the E/A should ensure the application of a weather-resistant coat on the building's exterior as per approved estimates.
- Insufficient concrete cover in several RCC columns and beams resulted in exposed reinforcement bars, which could lead to corrosion and reduced structural durability.
- Plastering work was found substandard, lacking smoothness and proper finishing.
- No laboratory test reports (e.g., soil, concrete, and other construction material tests) were available at the site for verification, indicating non-compliance with quality control protocols.
- The quality of bricks used in masonry works was below standard; the use of over-burnt bricks must be avoided to ensure strength and uniformity.
- Non-Destructive Testing (NDT) using the Schmidt Hammer Test was conducted on selected RCC columns and beams, and the average rebound values were found within standard limits, confirming acceptable concrete strength.

EDUCATION DEPARTMENT

RECOMMENDATIONS

- The Executing Agency (E/A) should strictly discourage advance payments to contractors prior to the actual execution of work at the site.
- The quality of plastering work must be improved to ensure smooth and durable finishes.
- Adequate concrete cover should be provided in all structural members to ensure durability and structural integrity.
- Marble and tile installation should be carried out efficiently and in accordance with the approved design and workmanship standards.
- The quality of shuttering material must be enhanced to minimize structural defects and ensure proper finishing of concrete surfaces.
- The layout plan of the building should be implemented carefully in accordance with the approved drawings and dimensions to maintain design accuracy.
- The dimensions and size of steel reinforcement must strictly conform to the approved drawings and specifications, and the use of under-gauge steel bars should be strictly avoided.
- The E/A must ensure a minimum curing period of 28 days for all RCC works; inadequate curing significantly reduces the compressive strength of concrete elements.
- The occurrence of efflorescence on brickwork should be prevented by using quality materials and proper curing methods.
- An efficient drainage system should be designed and implemented to ensure proper disposal of water from the school courtyard and building premises.
- The quality of paver blocks should be improved to prevent surface damage and maintain a uniform texture.
- The foundation works must be executed as per approved design and drawings to prevent structural settlement and cracking in the building.
- Concrete vibrators must be used during pouring operations to eliminate honeycombing and ensure proper compaction.
- The E/A must ensure proper roof treatment to prevent water seepage and leakage through the roof slab.
- The remaining components of the building should be completed in accordance with the approved scope and specifications of the PC-I to achieve full functionality of the project.

HEALTH

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 44 schemes of the Health Department were visited by the MEC, P&D Department. Out of these, work on 20 schemes (45%) was declared satisfactory, while the remaining 24 schemes (55%) were assessed as unsatisfactory. Out of the 24 unsatisfactory schemes, compliance reports for 16 schemes were received from the concerned Executing Agencies after rectification, while compliance for 08 schemes was pending.

The major issues observed during monitoring were as follows:

On the Capital Side, various decencies were observed i.e., non-provision of clear cover in RCC work, inferior quality of formwork, electrical wiring, fittings and fixtures, water supply, and sanitary fixtures, honeycombing in structural work, uneven plastering and poor finishing of tile/marble flooring, deviations from the approved scope of PC-I and non-functionality of several completed buildings/units.

Poor planning and inadequate supervision were observed in execution by the concerned XENs/AENs/Sub-Engineers.

Despite the completion of buildings/units, revenue items were not procured/processed, causing delays in operationalizing health facilities and leading to deterioration of infrastructure.

Revenue-related documentation was generally not provided to the MEC team, creating ambiguities in expenditure verification.

Engineering test reports were not provided in several projects.

RECOMMENDATIONS

Proper planning, supervision, and accountability must be ensured by the Executing Agencies (XENs/AENs/Sub-Engineers).

Timely provision of all relevant scheme-related documents must be ensured by the Executing Agencies and Administrative Departments to enable smooth Monitoring & Evaluation functions.

Proper tagging and timely procurement of revenue components must be ensured by the Executing Agencies to guarantee the timely operationalization of healthcare facilities for the people of Sindh.

Transparency must be ensured by the Administrative Department, particularly in the procurement of revenue components.

Frequent transfers of executing officials should be avoided to ensure smooth execution, timely completion of development works, proper record-keeping, and tagging of procured items under ADP schemes.

Engineering tests must be conducted, and reports from accredited laboratories must be obtained and maintained by the Executing Agencies.

The Administrative Department must submit PC-IV for completed schemes to ensure proper maintenance of infrastructure and realization of intended outcomes.

Monthly Progress Reports (MPRs) of schemes must be submitted by the Administrative Department to MEC before the 10th of every month. The Administrative Department must submit PC-V of completed schemes to assess the overall impact of development schemes and to support evidence-based decision-making for future planning.

IRRIGATION & LINING OF MAIN CANALS

GENERAL FINDINGS

The Irrigation Department operates under three main categories:

1. Water Management
2. Drainage
3. Lining of Main Canals

During the Financial Year 2024–25, a total of 68 schemes of the Irrigation Department were visited by the MEC, P&D Department. Out of these, work on 33 schemes (49%) was declared satisfactory, while the remaining 35 schemes (51%) were assessed as unsatisfactory. Out of the 35 unsatisfactory schemes, compliance reports for 14 schemes were received from the concerned Executing Agencies after rectification, while compliance for 21 schemes was pending.

Key Issues Identified:

1. General Quality Concerns

MEC identified poor quality of work across several schemes. The issues were attributed to:

- Inadequate workmanship
- Insufficient supervision by Engineering/Administrative (E/A) staff
- Deviations from the approved PC-1 scope
- Delays and failures in providing necessary documentation to verify payments against executed quantities

2. Canal Bank Strengthening

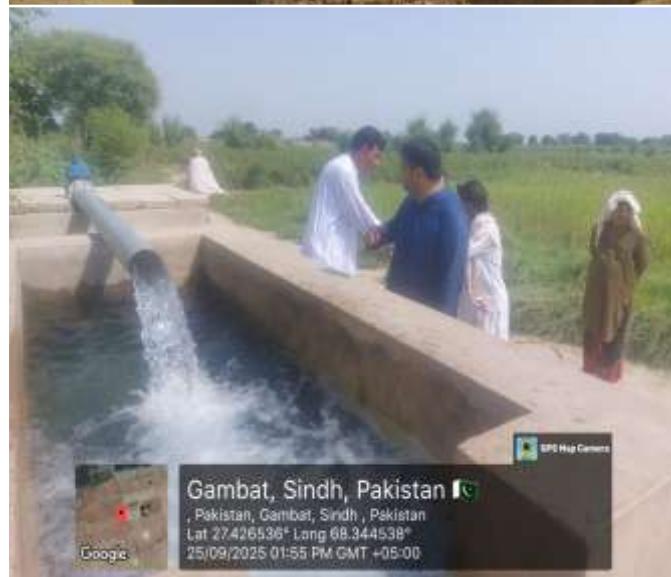

- Earthwork was often found improperly dressed, leveled, and compacted
- Sheep foot rollers were not used, resulting in inadequate compaction
- Excavation was frequently carried out from the toe of the canal bank, potentially compromising bank stability and increasing the risk of erosion

3. Drainage Schemes

- Pumping machinery was non-functional at several sites due to:
 - Lack of electricity/ Back supply Generator or Solar system
 - Absence of backup generators
- These deficiencies reduced drainage capacity, leading to:
 - Waterlogging
 - Increased soil salinity

4. Stone Pitching Issues

- Interlocking of stones was not done properly, leading to disturbed pitching and water seepage
- Filler materials were not used, resulting in:
 - Visible gaps and voids
 - Potential seepage and settlement
 - Profile, alignment, and slope were not maintained in several locations, compromising stability and durability

IRRIGATION & LINING OF MAIN CANALS

Lining of Main Canals

The lining of main canals plays a crucial role in reducing water loss through seepage, preventing erosion, and improving overall water conveyance efficiency

Key Observations:

- In the satisfactory schemes, canal lining was generally well-executed, with proper alignment and appropriate materials used to ensure durability and effective water flow.
- In the unsatisfactory schemes, deviations from the approved design and quality standards were noted. These included:
 - Poor workmanship leading to cracks and uneven surfaces.
 - Improper compaction beneath the lining, which may lead to future settlement or damage.
 - Inadequate supervision during execution, resulting in non-compliance with technical specifications.
 - Delays in documentation and record-keeping, complicating payment verification and quality assurance.

Impact:

- Deficiencies in canal lining can cause significant water losses through seepage, reduce irrigation efficiency, and increase maintenance costs.
- Poor lining can also contribute to canal bank erosion and affect the longevity of the infrastructure.

RECOMMENDATIONS

- Strict adherence to approved designs and specifications should be enforced.
- Supervision by qualified personnel must be strengthened to ensure quality standards.
- Proper documentation and timely submission of records should be mandated for payment processing and audits.
- Use of quality materials and improved construction techniques should be prioritized to enhance canal lining durability.

LIVE STOCK & FISHERIES

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 16 schemes of the LS&F Department were visited by the MEC, P&D Department. Out of these, work on 07 schemes (44%) was declared satisfactory, while the remaining 09 schemes (56%) were assessed as unsatisfactory. Out of the 09 unsatisfactory schemes, compliance reports for 03 schemes were received from the concerned Executing Agencies after rectification, while compliance for 06 schemes was pending.

Deficiencies in the capital component:

- Unevenness plaster work, tiles / marble flooring work
- Honey combing, Roof topping
- Seepage effects / salinity issues
- Poor quality of color work
- Inferior quality of electric fitting and fixtures, water supply & sanitary fixtures
- Wood work (Doors /windows) poor quality fixed / installed at sites.
- Deviation in scope of PC-I, deviation in drawing / design at site etc.
- It was generally observed that the department could not get funds released in time resultantly it failed to provide planned machinery, equipment's, awareness sessions, medicines, vaccines and implement to the livestock farmers & fishermen during the project / scheme at project districts.
- Lack of planning in execution of various schemes which causes unnecessary delay in completion of scheme.
- Non functionality of various completed buildings / units.
- No proper record of procured revenue items especially medicines, vaccines etc. at project districts.

RECOMMENDATIONS

- The Concerned DG / PD / Directors should closely monitor the civil components & revenue components of schemes at sites and frequently check / physically verify its quality / quantity during the execution of work according to cash plan & work plan mentioned in the PC-I.
- The E/A should conduct standard material testing and reports should be provided to MEC team.
- The E/A should strictly avoid making overpayment / advance payment to contractors /suppliers.
- The department should ensure procurement of required items is made according to SPPRA rules and within stipulated time frame which is also mentioned in the supply orders issued to contractor / suppliers etc.
- The E/A should ensure that the physical progress should align with financial progress.
- Vibrator & spacer should be used to avoid honey combing in the building works & RCC.
- E/A should improve the quality of work & avoid deviation of scope of work from PC-I.

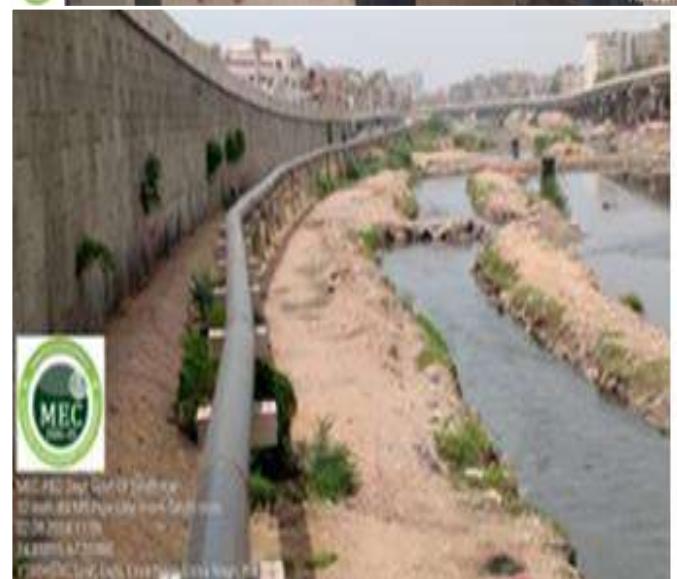

LOCAL GOVERNMENT & MEGA SCHEMES OF KARACHI

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 142 schemes of the Local Government Department were visited by the MEC, P&D Department. Out of these, work on 96 schemes (68%) was declared satisfactory, while the remaining 46 schemes (32%) were assessed as unsatisfactory. Out of the 46 unsatisfactory schemes, compliance reports for 12 schemes were received from the concerned Executing Agencies after rectification, while compliance for 34 schemes was pending.

The major observations included;

- The schemes executed by the Local Government Department include mainly the rehabilitation and up-gradation of basic infrastructure facilities for public use. Facilities include construction/rehabilitation/ up-gradation of Roads, Building, Infrastructure i.e., Water Supply & Sewerage, Communal & Health Facilities.
- Similarly, Mega Schemes of Karachi were executed by Local Government Department, in FY 2024-25, total of 05 schemes were visited out of which 04 Schemes i.e., 80% were declared satisfactory, while 01 schemes i.e. 20%, were marked as Unsatisfactory. Out of 01 un-satisfactory schemes, compliance of 01 schemes were received from department.
- For several ADP schemes, the Executing Agency (Local Government Department) failed to provide complete documentation to the M&E Cell. In some cases, a review of the measurement books revealed instances of overpayments and advance payments made to contractors, indicating potential financial irregularities and weak oversight.
- Furthermore, inappropriate slope is also a core issue to be addressed as appropriate slope was not maintained in execution of road to smoothly drain the water. Due to improper drainage water remains stagnant which results in deterioration and complete failure of roads (from topmost Asphalt Layer to Embankment).
- A major issue observed during scheme monitoring was the lack of proper planning in the design and execution of road and drainage systems. The infrastructure often fails to provide separate networks for sewerage and storm water. As a result, both flows are frequently combined into a single system—either sewerage or drainage—which leads to frequent choking, overflows, and system failures during peak discharge or the rainy season.
- The involvement of multiple executing agencies has led to frequent overlaps in development works, making it difficult to monitor progress and maintain accurate records of each scheme. As a result, the MEC team faced challenges in identifying the exact executing agency, which hindered efforts to assign responsibility for deficiencies observed in the development works.

LOCAL GOVERNMENT & MEGA SCHEMES OF KARACHI

- The KW&SB within Local Government Department does not cooperate with the MEC Team neither they provide any scheme related documents nor accompany/facilitate the MEC Team for the field visit.
- One of the major issues identified is the use of thumb-rule methods during the preparation of PC-I, with little consideration given to actual site conditions. This approach often leads to unrealistic or approximate cost estimates, requiring revisions to the schemes at later stages. Additionally, poor supervision by field staff during execution, along with the frequent transfer and posting of key personnel—such as the Project Director and Executive Engineer—further disrupt project continuity and affect overall quality and timelines.

RECOMMENDATIONS

- On several schemes, the physical progress was observed to lag behind the financial expenditure. The Executing Agency must ensure that physical progress aligns closely with financial progress.
- The department should deploy experienced personnel and procure high-quality materials to ensure that work meets the specified standards.
- Overpayments and advance payments to contractors should be minimized, with payments strictly made based on the actual quantities executed on site.
- The concerned Executive Engineer & Assistant Engineer should closely monitor the execution of construction work in order to improve quality of work.
- To ensure quality execution, material testing of various materials may be carried out frequently.
- The EA should improve the quality of work, workmanship to meet the prescribed specification and standard and ensure that material should be procured from vendor and quarry.
- The department shall ensure the timely flow of funds so that the work does not suffer and ensure that procurement of required items shall be made according to SPPRA rules and within the stipulated timeframe.
- The Executing Agency should ensure that sewerage and drainage networks run properly alongside the roads, with separate planning, design, and execution for each system.
- It is recommended that documentation should be made available to MEC well before the time of the visit so as to thoroughly check the project parameters.

PUBLIC HEALTH ENG. & RURAL DEV.

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 87 schemes of the Public Health Engineering Department were visited by the MEC, P&D Department. Out of these, work on 55 schemes (63%) was declared satisfactory, while the remaining 32 schemes (37%) were assessed as unsatisfactory. Out of the 32 unsatisfactory schemes, compliance reports for 19 schemes were received from the concerned Executing Agencies after rectification, while compliance for 13 schemes was pending.

The major issues observed during monitoring were as follows:

- Sewerage was observed to be disposed of directly into natural streams without proper treatment. While in urban areas this issue has been addressed to some extent, it remains a persistent problem in towns and rural areas.
- Lack of ownership of completed schemes by end-users, particularly the Public and Local Government Departments in urban areas, resulting in poor operation and maintenance.
- Poor operation and maintenance by Local Government bodies (Municipal Committees/Town Committees), especially regarding pumping machinery, diesel engine sets, suction and delivery pipes, after the schemes were handed over by PHED.
- Executing Agencies often focused on minor works such as CC blocks, paver blocks, and CC drains, rather than achieving the core objectives of the schemes, i.e., proper drainage disposal and provision of potable/treated water.
- Insufficient deployment of staff at disposal and treatment works.
- Massive leakages in distribution networks of water supply schemes due to poor quality of pipes and lack of provision for domestic connections by the department.

RECOMMENDATIONS

- The department must ensure that direct disposal of sewerage into natural streams and water bodies is strictly stopped.
- PE pipes should be used in all water supply and drainage schemes to improve quality and sustainability.
- It has been observed that the Rural Development Department lacks qualified and experienced human resources to properly conceive and execute quality schemes (e.g., Solar Light Schemes, Asphalt Roads). Engagement of qualified and experienced professionals must be ensured to enhance departmental performance.
- Executing Agencies must provide domestic connections to the public, and necessary provisions should be incorporated in PC-I.
- Executing Agencies must proactively work to achieve targets within approved timelines and costs, while timely releases of funds are essential to maintain project momentum.
- Engineering tests must be conducted, and reports from accredited laboratories must be obtained and maintained by the Executing Agencies.
- The Administrative Department must submit PC-IV for completed schemes to ensure proper maintenance of infrastructure and realization of intended benefits.
- Monthly Progress Reports (MPRs) must be submitted by the Administrative Department to MEC by the 10th of every month.
- The Administrative Department must also submit PC-V of completed schemes to assess the overall impact of development initiatives and enable evidence-based decision-making by the authorities.

SPORTS & YOUTH AFFAIRS

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 39 schemes of the Sports & Youth Affairs Department were visited by the MEC, P&D Department. Out of these, work on 36 schemes (92%) was declared satisfactory, while the remaining 03 schemes (08%) were assessed as unsatisfactory. Out of the 03 unsatisfactory schemes, compliance for 01 scheme was received from the concerned Executing Agency after rectification, while compliance for 02 schemes was pending.

During field visits of the Sports & Youth Affairs Department, only minor issues were generally observed, including the following:

- Inferior quality of plaster work, formwork, and average quality of concrete work
- Poor workmanship due to the use of unskilled labor
- Delays in handing over completed schemes to local sports organizations
- Non-provision of project documents to the MEC team by the Executing Agency prior to visits

RECOMMENDATIONS

- Considering the social and cultural importance of the schemes, the Department must accelerate the pace of execution and ensure completion within the planned timeframe.
- The Executing Agency must improve the quality of workmanship and concrete works at sites to avoid honeycombing and premature deterioration of infrastructure.
- Priority in the ADP portfolio should be given to areas and components lacking adequate sports facilities.
- The Executing Agency must provide all required documents as indicated in MEC's official visit letters, prior to monitoring visits.
- The Executing Agency must ensure proper maintenance of completed facilities and hand them over promptly for use by the general public.
- The Administrative Department must submit PC-IV for completed schemes to ensure proper infrastructure maintenance and realization of intended outcomes.
- Monthly Progress Reports (MPRs) must be submitted by the Administrative Department to MEC before the 10th of every month.
- The Administrative Department must submit PC-V for completed schemes to assess the overall impact of development initiatives and facilitate evidence-based decision-making for future planning.

WORKS & SERVICES

GENERAL FINDINGS

During the Financial Year 2024–25, a total of 164 schemes of the Works & Services Department were visited by the MEC, P&D Department. Out of these, work on 135 schemes (82%) was declared satisfactory, while the remaining 29 schemes (18%) were assessed as unsatisfactory. Out of the 29 unsatisfactory schemes, compliance for 23 schemes was received from the concerned Executing Agency after rectification, while compliance for 06 schemes was pending.

The major observations included;

FOR BUILDINGS SECTOR

- Visibility of steel reinforcement due to non-provision of proper concrete cover.
- Moreover, Unevenness in tile / marble flooring work is also common.
- Improper grouting in tiles often results in uneven joints, cracks, water seepage, and reduced durability of the flooring.
- Honeycombing and bleeding in structure work at specific locations due to non-availability of vibrator or poor compaction of concrete work.
- Use of poor-quality shuttering which often results in surface defects, weak structural finishes, and lack of dimensional accuracy in concrete work & needs to be improved, if possible, the steel/ply shuttering may be used.
- One of the major issues is changing the scope of PC-1 without prior approval from the competent authority.
- Misalignment of beams, columns, and slabs is commonly observed at construction sites
- A common issue observed at construction sites is uneven plaster work.
- Substandard quality of electrical wiring, fittings, water supply, and sanitary fixtures.

FOR ROADS SECTOR

- A significant issue is the inadequate allocation and delayed release of limited funds by the department, which causes project timelines to stretch over several years. By the time a scheme is completed, much of the initial work has already deteriorated. Furthermore, there are no established Standard Operating Procedures (SOPs) in place for timely repair and maintenance, leading to further degradation of the infrastructure.
- NHA/PWD/SHERE/WHO specifications not being followed properly in execution and testing of material (i.e., soil classification & gradation, bitumen quality test, field density test, compaction test, Pressure testing of pipe, strength test of concrete & steel).

WORKS & SERVICES

- Another major issue is the reliance on thumb-rule methods during the preparation phase of PC-I, with little to no consideration of actual site conditions. As a result, many schemes had to be revised later due to unrealistic or approximate estimates made by the department at the initial stage. Additionally, poor supervision by field staff during execution, along with frequent transfers and postings of key personnel such as the Project Director or Executive Engineer, further contributed to delays and inefficiencies in project implementation.
- One of the major issues observed during the monitoring phase was the lack of proper planning in the design and execution of road and drainage schemes. The infrastructure failed to provide separate systems for sewerage and storm water, often resulting in both being routed through the same network. This leads to frequent blockages and overflows, particularly during peak discharge times or the rainy season.

RECOMMENDATIONS

- The concerned Executive Engineer & Assistant Engineer should closely monitor the execution of construction work in order to improve quality of work.
- There is a dire need to improve the workmanship of the contractor to meet the prescribed specification and standards.
- Ensure integrated planning that considers topography, drainage patterns, soil conditions, and traffic flow.
- Incorporate sustainable and resilient design practices, including the separation of sewerage and storm water systems.
- Avoid reliance on thumb-rule methods during PC-I preparation.
- Maintain appropriate slopes in road design to facilitate smooth water runoff and prevent stagnation.
- Allocate sufficient budget for each phase of the project and ensure timely fund disbursements to prevent delays and deterioration of partially completed work.
- To ensure quality execution, material testing of various materials may be carried out frequently.
- To improve quality of work at construction sites, it is imperative to use of quality materials & due consideration may be given on this aspect. The contractors may be directed to obtain quality material from reputed suppliers.
- The Executing Agency must ensure that work executed at sites be as per specification & approved technical sanction.
- The overpayments/advance payments to contractors may be discouraged & payments be made as per quantity executed at site.
- The shuttering work needs to be improved at most of the places.
- The use of vibrator may be used in Concreting work to avoid honey combing & attain desired strength.

FORWARD
WAY

WAY FORWARD

- Develop an in-house Real-Time Monitoring System with Geo-Tagging of development schemes and Smart Phone Application for live reporting of monitoring activities for timely corrective decisions.
- Develop & implement a Digitized Monthly Progress Report (MPR) System with Quick Response (QR) Code integrated with Administrative Departments to enhance the timely submission of scheme progress updates.
- With the existing human resources, the MEC has monitored only about 18% of provincial ADP schemes over the past five years. To enhance coverage and quality assurance, it is envisaged to expand regional operations by establishing MEC offices at the divisional and district levels, starting with a new regional office at Mirpurkhas.
- Hiring of additional Human Resource i.e., Monitoring & Evaluation Officers to strengthen monitoring & evaluation capacity and maximize coverage of development portfolio.
- Provide comprehensive training and development programs to all employees and equip them with cutting-edge technology which enables them to adopt modern techniques and monitoring methodologies that adhere to international standards.
- Construction of Regional Offices of M&E Cell at Sukkur & Larkana regions through ADP schemes.
- Improvement in monitoring reports format to ensure better reporting, transparency and evaluation.
- Creation of evaluation wing in MEC for undertaking evaluation of completed schemes and third-party evaluation.
- Launch a Community-Based Monitoring (CBM) as part of a multilayered monitoring system, engaging citizens to assess and improve local services, promote accountability, and enhance

the quality, transparency, and integrity of public service delivery through active community participation.

- Adopt AI-enabled monitoring using drones, Building Information Modelling (BIM) software, and remote sensing tools to integrate GIS-based imagery for real-time assessment of project progress, quality, and structural integrity, ensuring data-driven and accurate decision-making.
- Initiate co-monitoring with M&E units of other departments (e.g., Education, Irrigation) to enhance provincial coverage, coordination, and transparency, thereby optimizing resources and strengthening the overall M&E framework.
- Collaboration with UNIDO, UNICEF, and SUPARCO, for integration of SUPARCO's GIS Grid System with MEC's upcoming Dashboard and Monitoring Application to enable transparent, accurate, and technology-driven monitoring across development schemes.

ANNEXURES

Annexure (A)

DEPARTMENT WISE MONITORED VISIT IN FY 2024-25

ADP#	Name of Project	Report Type	Visit Date	Department	Published Date	Location	Unit Cost
2024-25 28	Installation / Erection of Modern Cool Chain System on subsidized cost to Farmers for export of Fruits & Vegetables. (Total:4783.40 including GoS\ Share:3873.00 & Farmers\ Share:910.00 M)	Satisfactory	11/25/2024	Agriculture, GOS	1/28/2025	Shaheed Benazirabad	712.9
2024-25 32	Construction of Office Building for On-Farm Water Management staff (Badin, Mirpurkhas, Sanghar, SBA, Sukkur, Khairpur, Shikarpur, Dadu, Ghotki, Kashmore & Jamshoro)	Un-Satisfactory	10/7/2024	Agriculture, GOS	1/3/2025	Dadu	0.001
2024-25 33	Transforming the Indus Basin with Climate Resilient Agriculture and Water Management. (Total: 3444.43 including GCF's Share:2618.65 & GoS' Share:825.784)	Un-Satisfactory	12/19/2024	Agriculture, GOS	5/21/2025	Umerkot, Sanghar	825.784
2024-25 8	Implementation of Grow More Cotton and Pulses Campaign in Sindh.	Un-Satisfactory	3/25/2025	Agriculture, GOS	4/30/2025	Hyderabad	75
2023-24 34	Sindh Irrigated Agriculture Productivity Enhancement Program Phase-I Project (World Bank Assisted) (Total:30139.75 including IDA Share:18686.64, GoS Share:6120.00 & Farmers Share:5333.11)	Un-Satisfactory	4/24/2024	Agriculture, GOS	1/17/2025	Tharparkar	6120
2023-24 34	Sindh Irrigated Agriculture Productivity Enhancement Program Phase-I Project (World Bank Assisted) (Total:30139.75 including IDA Share:18686.64, GoS Share:6120.00 & Farmers Share:5333.11)	Satisfactory	3/18/2024	Agriculture, GOS	10/3/2024	Mirpurkhas	6120
2023-24 34	Sindh Irrigated Agriculture Productivity Enhancement Program Phase-I Project (World Bank Assisted) (Total:30139.75 including IDA Share:18686.64, GoS Share:6120.00 & Farmers Share:5333.11)	Satisfactory	3/11/2024	Agriculture, GOS	10/3/2024	Hyderabad	6120
